Hi Tom,

I talked to Both and Mike would be willing to serve in my place for this issue. He's planning on attending Wednesday's meeting.

Hi Phil. That might be a good idea. It won't hurt at all to have more people considering things. Would you be able to ask if either of them can help? Thanks Phil.

Tom

Hi Tom,

Thanks for the update. Do you think we need to have one of the Supervisors take my place on the Committee for this issue?

Phil

Hi again. I just got off the phone with the Towns Association lawyer, and as it turns out the official recommendation is for Phil and Josh to not be involved in the process discussions at all. So it looks like it will be Steve and I for this meeting on Wednesday. We will need to be sure we have a quorum for the upcoming meetings, especially the February 5th meeting.

I left a copy of the CUP application in your mailboxes yesterday. The lawyer is sending additional resources today that I will forward as well. There is also a solar project statute 66.04.01 that limits things we might ask for as conditions.

Thanks guys. Talk to you soon.

Tom Manley.
